

Global Supplier Visibility Map Features

LEGEND

Up to three icons may appear in the footer of search results (as seen below). The globe is an interactive icon; simply click it to be taken to the company's website.

SEARCH RESULTS / DUPLICATES

Some results may be duplicated as a result of minor discrepancies in a company's title or address.

STREET VIEW

Drag and drop this small yellow icon on the area of the map you want to see in greater detail; the map will turn blue in areas where "street view" is available.

To view a specific company at street level, simply click the same icon in the footer of the result for that company. Exit street view mode by clicking on any of the result entries in the left sidebar.

SEARCH

Enter a city, state, zip code, or country to begin your search. Adjust the second and third fields to specify a radius (in either miles or kilometers) from your search point.

LOCATION CLUSTERS

Brightly colored circles with numbers may appear when the map initially loads. These represent clusters of supplier locations. Clicking on any of these icons will "zoom in" in the area.

- 1 - 9 locations
- 10 - 99 locations
- 100 - 999 locations
- 1,000 - 9,999 locations
- 10,000 + locations
